1) 4 input boxes

-name

-qualification

-age

-email

-submit button

(above information should be displayed by we browser)

### SOLUTION:

```
<!DOCTYPE html>
<html>
<head>
    <title>FORM</title>
</head>
<body>
    <h1><b>PERSONAL DETAILS</b></h1>
    <hr>
    <br>
    <div>
        <label>NAME</label>
        <input type="text">
    </div>
    <br>

    <div>
        <label>QUALIFICATION</label>
        <input type="text">
    </div>
    <br>

    <div>
```

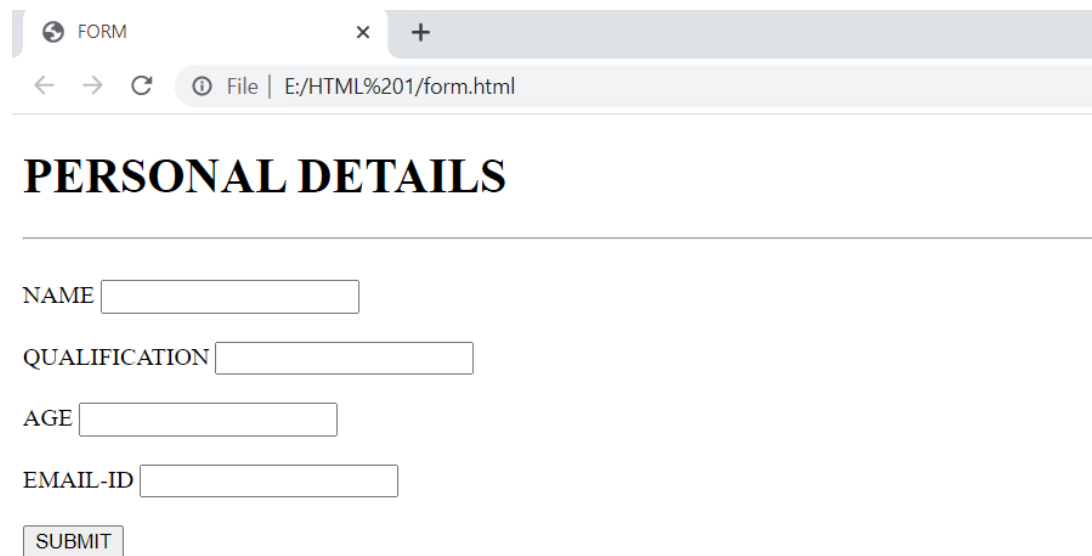

```
<label>AGE</label>
<input type="number">
<div>
<br>

<div>
<label>EMAIL-ID</label>
<input type="text">
<div>
<br>

<div>
<button>SUBMIT</button>
<div>
```

```
</body>
</html>
```

## **OUTPUT:**

The screenshot shows a web browser window with a single tab titled 'FORM'. The address bar displays 'File | E:/HTML%201/form.html'. The main content area features a heading 'PERSONAL DETAILS' followed by a horizontal line. Below the line are four form fields: 'NAME' with a text input, 'QUALIFICATION' with a text input, 'AGE' with a number input, and 'EMAIL-ID' with a text input. At the bottom left of the form is a 'SUBMIT' button.
